TVX887+

As more and more companies rely on smart devices to carry out tasks in a wide range of field operations, durability is key. The **TVX887+** is an ultra rugged device built especially for extreme work environments, offering a super reliable **Push-To-Talk** solution. As a critical component of our Radiocommunication solution, it is packed with incomparable features like a 2.8-inch touchscreen what can be easily used with dirty or wet work gloves, a powerful speaker, 4600mAh battery and **IP68** resistance. These are just a few of the features on the **TVX887+** that will bring peace of mind to both businesses and workers.
